STOP! Do you know that you are judged by the appearance of your home grounds?

RECEIVED

U.S. Department of Agriculture

A well planted, well kept place appeals to the passerby. People do estimate you and your property by the appearance of your place. A well planted place has a much higher market value.

There is a nation-wide movement right now for more beautiful home surroundings. The value of it is recognized now as never before. Those who begin to improve their property first will realize the most benefit.

A few dollars spent now for trees, shrubs and plants will double in value with each year and bring with it enjoyment, satisfaction and pride as well as profit to the owner.

Your Success is the Basis of Ours. Let us help you with your planting problems. Our catalog and landscape suggestions are sent on request only.

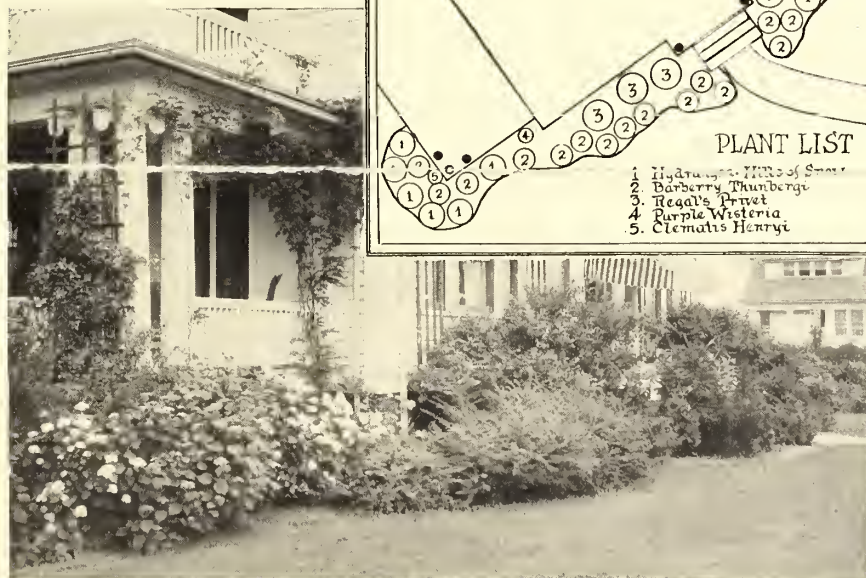

Shrubs ordered were in fine shape with good roots and I thank you for the extras. Surely will let my friends know where they can get the best nursery stock for their money.—W. J. A., Plymouth, Wis.

C. G. said that trees he had bought from your nursery had always been very satisfactory and advised me to try your stock.—W. J., Edinburg, N. D.

Received my order in fine condition. Everything is growing and I want to thank you for the extras.—C. L., Louisbury, Pa.

Last Spring I bought a few very nice plum trees from you. A customer of mine wants some like them.—H. W., Trumbull, Neb.

*Please send me your catalog or circulars of Dahlias. Had some from you two years ago at * * that were perfectly lovely, no two alike. Would like something similar.*—MRS. J. A. B., Calvary, Wis.

Trees and shrubs purchased from you some 10 years ago have enabled me to dispose of property recently at a price better than 25% over unplanted property immediately adjoining.—A. V. F., St. Paul, Minn.

Shrubs arrived in fine condition and was well pleased with the quality, extras, and promptness. Enclosed find * * *
